Career Information

What We Do

For more than 70 years SCHROTH has been a world leading developer and manufacturer of innovative occupant protection and restraint systems for highly specialized applications in aerospace, defense and motorsports.

At our facilities in Arnsberg, Germany, and in Pompano Beach, Florida, we develop advanced technical solutions in the fields of safety belts, airbag technology and crashworthiness.

Our team is united in its focus and determination to provide our international customers with an outstanding range of products and services to enhance safety and operational success.

Careers at SCHROTH

As part of our ongoing expansion we are continuously searching for

Mechanical Engineers
Electrical Engineers
Sales and Program Managers
Administration Staff
Production Staff
Trainees

Please check for further current job openings on:

www.schroth.com

We look forward to hearing from you.

Our Home: the Sauerland

Live and work where others spend their vacation.

The image of the Sauerland as a green and recreational area is present in many people's minds. But, at the same time, the Sauerland is a well known industrial and economic region in Western Germany. Many of the regional medium-sized enterprises are global market leaders in their industry and a driving force behind the region's economic success.

To live and work here means to enjoy: outstanding natural beauty, a wide variety of outdoor and sports activities, year-round cultural events, affordable housing, and a family-friendly climate.
